

about us

Liri Tent Technology, a clearspan tent industry leader, is proud to announce its expansion into the United States with Liri Tent US. This new company was created to bring US customers the trendsetting technology that Liri is known for worldwide from our US based inventory. We offer unmatched quality and customer service while providing the latest products to meet your space needs at an unmatched value.

our products

Liri Tent US clear span tent fabric structures are triple-galvanized structural steel tubing and manufactured to stand up to 115 mph winds for most profiles. Engineered to withstand both balanced and unbalanced snow-load; these structures are available from 3m-60m wide and any length desired w 850g/sqm (12.53) premium covers. Many enhancement options are available, including entry doors, glass doors and windows- solid, mesh or panoramic sidewalls.

our promise

Boasting the largest tent production base around the world, you can rest assured that when you choose Liri you are choosing the best product you can get. We are confident that our experience will produce a product that will exceed your expectations. For nearly two decades we have taken pride to provide our clients with high-quality products and services that are safe as well as efficient, flexible and diversified.
